SUMMARY

- **Undergraduate student at Wright State** University pursuing a dual pathway in MIS and Business AI with a 4.0 GPA.
- Skilled in **data management**, **analytics**, and **process improvement**.
- Led a **Six Sigma** project automating Chrome River expense reconciliation, reducing an 8-hour manual audit task to seconds.
- Seeking opportunities to apply data analytics, automation, and technology-driven problem solving in business and IT environments.
- Experienced with **AI concepts and tools**, data-driven problem solving, and modern business technologies.
- Motivated, detail-oriented, and seeking opportunities to apply automation, analytics, and technical skills in IT business analysis and technology-driven roles.

CERTIFICATIONS & SKILLS

- Lean Six Sigma Yellow Belt
- IBM – Introduction to Data Engineering (Dec 2025)
- Microsoft Office 365 Specialist
- Google – Foundations of Data (Dec 2025)
- Python (project)
- Data Analysis
- Auditing & Compliance
- SQL
- VB.Net
- Basic ML Workflows
- Reporting
- Excel

EDUCATION

Management Information Systems (MIS) & Business Artificial Intelligence (BAI) - GPA: 4.0 ***May 2028***

Bachelor of Science in Business at Wright State University - University Honors Program

- Management Information Systems
- Principles of Macroeconomics
- Principles of Microeconomics
- Personal Finance
- Marketing
- Data Science & AI
- Business Statistics
- Accounting
- Digital Trust

PROJECTS & PROGRAMS

Third-Party Vendor Risk Analytics Automation (Six Sigma Process Improvement Project) **Feb 2026**

Audit & Compliance Department | Wright State University *Dayton, OH*

- Developed a Python automation solution to streamline Chrome River expense audit analysis by processing and consolidating 18 months of transaction data.
- Automated the cleaning, merging, and analysis of exported CSV files to identify vendor spending patterns and transaction trends.
- Generated vendor-level summaries including transaction counts, total spend, average expense amounts, and activity timelines.
- Reduced manual spreadsheet reconciliation from hours to seconds, improving audit efficiency and data accuracy.

Monthly Expense Audit Automation(Six Sigma Process Improvement Project) **Dec 2025**

Audit & Compliance Department | Wright State University *Dayton, OH*

- Led a Lean Six Sigma process improvement initiative to optimize the manual Chrome River expense auditing workflow.
- Identified inefficiencies in manual reconciliation of Excel expense reports with Chrome River exports that required hours of repetitive transaction matching**.**
- Designed and implemented a Python automation script in VS Code to compare datasets and automatically identify unmatched expenses.
- Reduced processing time from several hours to under 30 seconds, significantly improving audit efficiency.
- Eliminated manual matching errors and created a standardized, repeatable auditing process.
- Generated automated Excel reports highlighting unmatched expenses for faster auditor review and compliance verification.

AI4ALL Ignite Accelerator – Data Science Project ***April 2025- September2025***

https://syedabushra2.github.io/TMDB-movie-recommender/

- Collaborated in a 4-member team to design and implement a content-based movie recommender system using Python, pandas, scikit-learn and global datasets sourced from GitHub and Kaggle.
- Engineered features from the TMDB dataset (genres, cast, crew, keywords) and applied cosine similarity to generate personalized recommendations.
- Deployed the model in Google Collab, building an interactive tool for users to input a movie title and receive top 10 similar suggestions.
- Presented the final project at the program showcase, demonstrating end-to-end model development from data preparation to evaluation and deployment.

Electronic Store Tracking – VB.NET Windows Forms Application **Sep 2025**

- Built a Windows Forms application using VB.NET and arrays to calculate sales totals, apply loyalty discounts, and analyze billing amounts by store location and customer type.
- Implemented data loading from a structured TXT file and displayed results through ListView controls and summary statistics.
- Automated calculations to improve speed and reduce manual processing for retail store sales reporting.

EXPERIENCE

Customer Service Intern ***June 2025– Present***
FC Industries *Dayton, OH*

- Entered and managed rebar quoting data using Sage 100, ensuring accuracy in pricing, materials, and specifications to support the estimating and sales teams.
- Analyzed and organized customer and project data to improve quoting efficiency and documentation accuracy.
- Maintained data integrity and adhered to company standards for compliance, safety, and professional conduct.

Student Auditor ***April 2024 – Present***
Office of Audit, Risk & Compliance, Wright State University *Dayton, OH*

- Led a Six Sigma process improvement automating Chrome River expense reconciliation using Python.
- Developed a script to compare Excel reports with Chrome River exports and flag unmatched transactions.
- Reduced audit processing time from hours to seconds while improving accuracy.
- Conduct audit fieldwork and transaction testing to assess financial and operational processes.
- Assisted in preparing reports and documentation using Microsoft Word and Excel.
- Generated automated Excel reports to streamline monthly compliance reviews.

Office Assistant ***January 2025 –June2025***
Career Hub, Wright State University *Dayton, OH*

- Provided support for career fairs and recruiting events, contributing to seamless event execution.
- Assisted with social media account management, helping to enhance online presence and engagement.
- Assisted with special projects, general office tasks, and overall administrative support as needed**.**

Peer Mentor ***April 2024 – January 2025***
UCIE, Wright State University *Dayton, OH*

- Advised international students, offering guidance on programs, applications, and arrival processes.
- Maintained and organized student files, including information for students studying abroad.

Youth Leader ***June 2020 – August 2023***
Research and Empowerment Organization (RE0) *Dhaka, Bangladesh*

- Volunteered in rural Bangladesh, distributing vans, sewing machines, and other necessities to people in need**.**

Accounting Intern ***October 2022 – April 2023***
Tex-Ebo International Pvt. Ltd *Dhaka, Bangladesh*

- Performed detailed data entry and financial reconciliation using accounting software, supporting accurate financial reporting.
- Conducted bank reconciliations and resolved discrepancies, demonstrating strong analytical skills.

HR Intern ***June 2022 – September 2022***
Tex-Ebo International Pvt. Ltd *Dhaka, Bangladesh*

- Managed employee records, generated reports, and assisted with data analysis tasks using Microsoft Word and Excel.
